Ambularex

Properties

- *The joints are actually the shock absorbers of our body. Glucosamine is an endogenous substance that is naturally present in high concentrations in our joints.*

- *Curcumin is a yellow dye from the root of the turmeric longa and contributes to the maintenance of supple joints.*

- *Boswellia extract comes from the oil resin of the incense tree. Has been successfully used in Indian health science for a very long time. Is good for cartilage and helps keep joints supple.*
